Index

Page numbers are the first page of a paper in which the entry is discussed.

Acartia tonsa
  secondary production 237
Acidification 141
Alkaline phosphatase activity 49
Amphibian 249
Atherina boyeri 289

Bacteria 43, 49, 71
Benthos
  biomass 377
  coastal lagoon 123
  dynamic 123
  heterogeneity 375
  phytobenthos 93, 105
  pond 195
  recovery 123
  spatial heterogeneity 93
  seasonal variation 93
  substrate 133
  zoobenthos 123, 133, 375
Bio-indicator 115
Brachionus plicatilis 219

Carbon
  incorporation 57
Caulerpa taxifolia 345
Chalcalburnus chalcoides mento 329
Chara 195
Chironomids 329
Communities
  amphibian 249
  fish 345, 355
  macroinvertebrates 141
  spatial-temporal predictability 249
  structure 133
Competition 157
  Rhyacophila 157
Coregonus lavaretus 401
Cyanobacteria 185

Daphnia 163
Diel changes 49, 85
Diet
  Rhyacophila 157
  gut fluorescence 237
Distribution
  Zooplankton distribution 205
  Space-time distribution 219
Diversity 43
Drift 149, 157

Esox lucius 409
Eudiaptomus 163
Eutrophication 383, 433

Feeding
  Acartia tonsa 237
  diel feeding rhythms 163
Fish
  behavior 417
  competition 345
  coral reef fishes 299
  distribution 335, 355
  ecology 279, 309
  migrations 289
  otoliths 399
  recruitment 309
  reproduction 279, 409
  segregation 323
  size distribution 301
  tropic relations 281, 331

Habitat
  microhabitat selection 157
  river 259
  fish habitat 259, 269, 309, 321
  typology 259

Interface 133
Intertidal zones 93

Lagoon 219
  coastal lagoon 123
  Berre lagoon 237
  zooplankton 219
Lakes 57, 71, 133
  Lake Geneva 163, 321
  Lake Bourget 433

lake-shore development 133
littoral zone 321
Leaf litter 195
Leptodora kindtii 329
Limnology 1

Macrophytes 271, 345
bio-indicator 115
Marshes 289
Mathematical modeling 433
Methodology 1, 299, 365, 375, 391, 399, 417
Microalgae 71
bentic microalgae 93
Microbial loop 71
Microcystis aeruginosa 185
Microdistribution
phytobenthos 105
Migrations
vertical migration 163, 237
Atherina boyeri 289
zooplankton 163, 185
Multiple abiotic and biotic generative processes 17

Nitrobacter 43
Nuclear Magnetic Resonance 391

Oceanography 1

Particulate matter
diel changes 85
Patchiness 205
Perca fluviatilis 335, 409
Phosphorus 383, 391, 433
Phytoplankton 49, 57, 71, 85, 391
biochemical composition 85
Plasmids 43
Pollution 149
Pond 195
macroinvertebrates 195
Protozoa 71

Recolonization 149
Reservoirs 49, 85, 383

Rhyacophila 157
life history 157
microhabitat selection 157
Rivers 105, 115, 141
bio-indicator 115
Elorn (Finistère) 259
pollution 149
Rhône 355
Rhône floodplain 249
Rhône river delta 289
suspended matter 365
Vosges mountains 141
zonation 259
Rutilus rutilus 409

Salmo salar 259, 269
Salmo trutta 259, 269
Salvelinus alpinus 279
Scaling 17
Sediment 43
interface 383
Sparidae 309
Sparus aurata 417
Spatio-temporal distribution 1, 185, 195, 219, 299
Spatial heterogeneity 17, 93
Species richness 149
Statistical analysis 115, 269, 425

Typha 195

Water
acidification 141
chemistry 115, 383
disturbance of water level 249, 289
freshwater inputs 123

Zooplankton 17, 163, 205
diel feeding rhythms 163
lagoon 219
migrations 163, 185
spatio-temporal distribution 185, 219
horizontal distribution 205
